

INSTRUCTIONS FOR YOUR APEX ACCESSORY

IMPORTANT SAFETY INSTRUCTIONS:

1. Carefully remove the obelisk from the carton and discard packing materials.

****Please note that this item is made up of two separate pieces: the metal frame (A) and the crystal base (B). When handling this item, make sure to support it from below the base. Grasping it from the top could cause the crystal base to drop out of the metal frame and potentially cause damage to the obelisk or the surface it is dropped onto.****
